"Always Makes a Good Impression"®

CONQUEROR®

SPIRIT DUPLICATORS

Press a lever and the electric Conqueror automatically feeds, prints, counts, stacks 110 copies a minute. Stops when last sheet is fed. Prints anything you write, type or draw on a spirit master, in 1 to 5 colors at one time—on thin papers to cards, even newsprint—3x5 to 9x15 in. size.

Large capacity Feed Table holds more paper than most comparable machines. Rugged construction—made to give years of hard usage. Deluxe models have matchless features for ease of operation, positive performance, longest runs of sharp, clear copies: Copy Positioner for perfect positioning of copy on paper; Visible Fluid Supply that shows fluid level at a glance; Fluid and Pressure Controls for maximum runs of quality copies; Counter that saves paper; Paper Stackers that keep copies in a neat pile; Permanent Instructions on Receiving Tray.

These, plus the features shown below, make Conquerors today's outstanding values in quality spirit duplicators. All models faultlessly feed all types of papers automatically. Hand operated Model 70 has same features as electric machines except for electric drive and controls.

Model 76A—Completely automatic electric.....\$299.50*

Model 76B—Automatic electric with 11 and 14 inch cylinder stop selector.....324.50*

Model 70 —Automatic Feed, Hand Operated.....214.50*

Model 70X—Same as Model 70 but without Counter, Copy Positioner, Feed Tension Control, Paper Stackers, Visible Fluid Supply....174.50*

*Plus Federal Excise Tax or Exemption Certificate

DUPLICATORS

SUPPLIES FOR ALL DUPLICATORS

PAPER FOLDERS

Standard electric models equipped with 50-60 cycle, 110 volt AC motor. Prices for other motors on request.

DE LUXE MODELS OFFER THESE IMPORTANT TOP QUALITY FEATURES

Sheet separator feed

Vastly improved Sheet Separator. Fingers eliminate side retainers and tricky adjustments.

Adjustable feed wheels

Contact paper at outer edges for positive forwarding one sheet at a time.

Feed tension control

Assures non-skip feeding, lightweight papers to cards—even newsprint.

Unique feed drive

Nationally honored for engineering excellence, smooth forward motion.

Counts as it prints

Shows exact number of copies printed... quickly re-sets to zero.

CONQUEROR®

PAPER FOLDERS

Here's everything you want in a heavy duty paper folding machine. Makes all popular folds fast and accurately—without effort or waste, at the rate of 110 sheets a minute. All controls are logically placed at top of machine for quick, simple setting... adjacent to complete instructions and fold diagrams. No constant attention or fanning of paper is required. Just load the paper; dial proper Feed Tension for lightweight, medium, glazed or heavy paper; set two quick-set fold controls for the fold desired; press Starting Lever and walk away... the machine stops automatically... or may be fed continuously if desired. Will also fold several sheets stapled together. Positive Feed permits only one sheet or unit to enter at a time. 3-figure Reset Counter tells how many are being folded. Belt Conveyor deposits folded pieces in a neat stack in the Adjustable Receiver. Handles 3x5 to 9x15 inch paper. Hand operated model has all the features of the automatic model except for electric drive.

Model EF-1—Completely automatic electric.....\$299.50*

Model HF-1—Automatic Feed, Hand Operated.....199.50*

*Plus Federal Excise Tax or Exemption Certificate

Standard electric models equipped with 50-60 cycle, 110 volt AC motor. Prices for other motors on request.

Automatically Feeds, Folds, Counts and Stacks 110 Sheets a minute!

MODELS C, D, E.

MODEL 24

LETTERGRAPH® STENCIL DUPLICATORS Model 24—Hand Operated

Produces top-quality copies—postcard to letter size. (Maximum printing surface $7\frac{1}{4} \times 10\frac{1}{2}$ in.). Inexpensive Superpads permit easy outside inking. No ink touches cylinder—unit can be changed swiftly from one color to another without cleaning. Complete with 4 letter-size Stencils, $\frac{1}{2}$ lb. Ink, Ink Brush, Superpad, Stylus, Cover, Instructions. Complete. **\$34.50***

Model C—Automatic Feed

Delivers sharp, clear copies at speeds of 100 or more per minute. Fast, simple automatic feed handles sheets to $8\frac{1}{2} \times 14$ in. size. Large perforated open cylinder, hand-inked on inside. Uses standard heading stencils. Has Positive Paper Strippers, Take-On Plate. Includes 4 Stencils, $\frac{1}{2}$ lb. Ink, Ink Brush, Stylus, Cover, Instructions. Complete. **\$69.50***

Model D—Automatic Feed— Roller Release

Roller Release is actuated by paper. When paper is not fed, locks impression roller out of printing position, assures clean impression roller, eliminates hand throw-off. Positive Paper Strippers prevent paper from adhering to stencil. Complete with 4 Stencils, $\frac{1}{2}$ lb. Ink, Ink Brush, Stylus, Signature Plate, Dustproof Cover, Instruction Book. Complete. **\$79.50***

NEW MODEL E—PASTE INK Automatic Feed—Roller Release—Inking

Plus all features of Models C and D. Paste type ink assures longer and sharper copy runs, and eliminates most seepage of ink from Pad and Drum. Performs best if used once a week or more. Included are 4 Stencils, 1-lb. Tube of Heyer No. 990 Semi-Paste Ink, Brush, Ink Gauge, Stylus, Signature Plate, Dust Cover and Instructions. **\$89.50***

*Plus Federal Excise Tax

MANUFACTURERS OF HIGHER QUALITY DUPLICATORS AND SUPPLIES SINCE 1903

December 4, 1964
Our 61st year.

Mr. T. Nelson
Independent Systems Consultant
Box 1546
Poughkeepsie, New York

Dear Mr. Nelson:

Thank you very much for your inquiry about the Model 82 Lettergraph Spirit Duplicator. The enclosed literature describes it fully, and as you can see, it has many fine performance features which until now have been associated only with Spirit Duplicators costing much more. For example, it has fast, Automatic Feed which will produce 100 or more copies a minute from post card to full legal size; Wick-to-Roller Moistening System which is a feature of the best and most expensive types of Spirit Duplicators; Visible Fluid Supply; simple, quick Adjustment for Raising and Lowering the print on the paper and many other quality features.

We don't say that it is the finest Spirit Duplicator on the market, for that honor belongs to our Conqueror line of Duplicators which sell for considerably more money. However, for the price there is nothing on the world market today that even comes close to the quality and performance of the Model 82 Lettergraph Spirit Duplicator.

We have been urged by our dealers and consumers for many years to produce a Spirit Duplicator in this price class, but refused to do so until we could make a machine that would perform as we would want it to, and one that we could be proud to sell and back up with our reputation. We finally reached a point in our development where we realized that a machine in this price class could be produced that would be a quality performer, and we set to work to make it a reality. The fact that it has been received so very well, and that the orders have come in beyond our fondest expectations, proves that we were right in waiting until we could make the machine that would be a truly big value for the price, and one that we would be proud to have carry the Heyer name.

Please contact your favorite Stationer or Office Machine Dealer, who, if they do not have a Model 82 Lettergraph Spirit Duplicator in stock, can readily obtain it from us. If for any reason your dealer should not desire to furnish one to you, please write us and we will send you the name of another dealer in your vicinity.

Sincerely yours,

HEYER INC.

Duplicated on the Model 82 Lettergraph Spirit Duplicator

MODEL 82

LETTERGRAPH®

SPIRIT DUPLICATOR

A Big Value at a Low — Low Price !

Here for the first time is a full legal size, automatically-fed spirit duplicator with big machine features at an unbelievably low price. Prints up to five colors at one time. Has positive Wick to Roller Moistening System that assures longer, more brilliant copy runs. Simple instructions show how to increase or decrease amount of fluid being used with a simple adjustment. Visible Fluid Supply (unbreakable plastic bottle) shows fluid level at a glance. Simple on-off Fluid Control, unnecessary to remove bottle when filling. Fast Automatic Feed prints 100 or more copies per minute, post card to legal size. Has Copy Positioner Control for raising or lowering print on paper, large capacity Feed Table and Receiving Tray, Nylon Gear Drive and Oil-Impregnated Bearings. Positive Master Clamp, quick and simple to operate. Rugged all metal construction with plated and alcohol-proof finishes.
